Description/Mission

Baptism Preparation

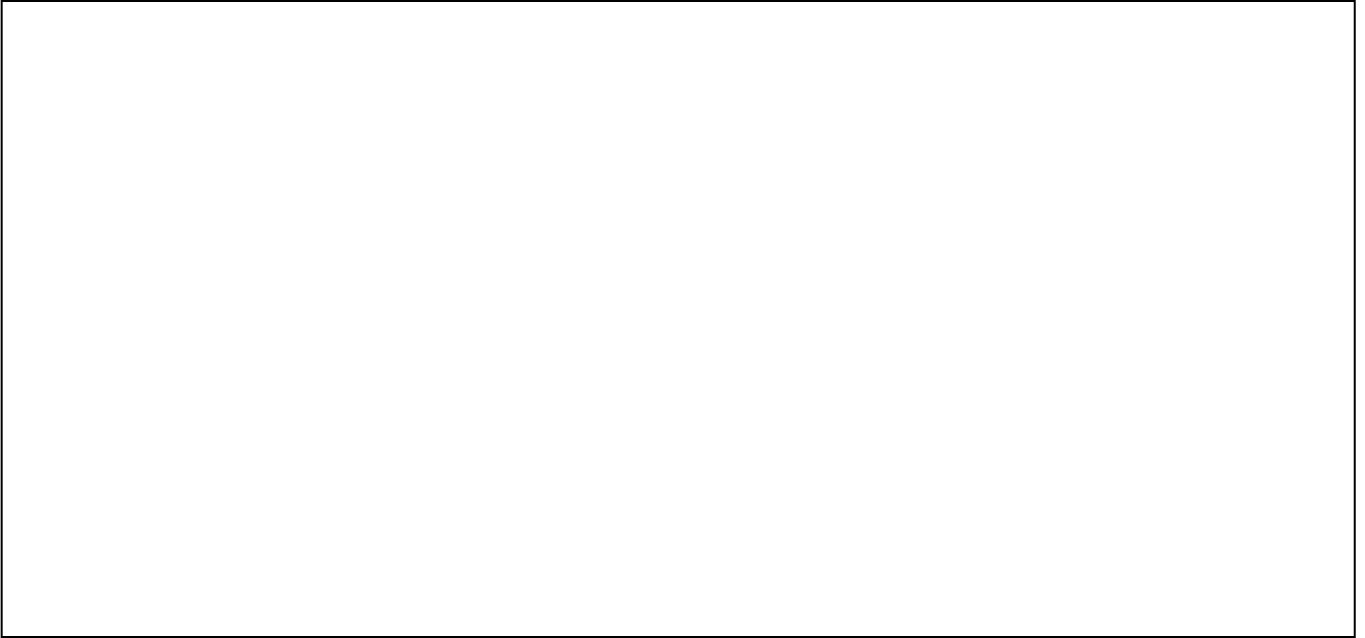

There are two parts to the Baptismal Preparation Program. The first part is for first time parents to take part in a Baptism preparation class to enable them to understand the Catholic Church's teaching about the Sacrament of Baptism, the practicalities of the baptism itself and roles and the responsibilities of the parents and godparents before, during and after Baptism. The class will also provide an overview of the rites and the significance of each part of the Baptism ceremony. These classes are held according to the participants' schedule and run for approximately 1 hour.

The second part is to have your child baptized. A Baptismal assistant assists the presider and families in attendance. This includes welcoming families and giving instruction, as well as preparing the needed baptismal supplies. The assistant makes announcements to the group as needed.
